

Guardian Angels Parish

July 11, 2007

August L. Huber, III
General Contractor
10770 El Monte
Overland Park, KS 66211

Dear Augie,

While our project is not yet complete, I just wanted to take this opportunity to thank you for having your company undertake our restoration project, and for assigning Kelly Lynch as our project superintendent. This has been an excellent match.

Kelly's daily presence, organization, knowledge (about all matters of all things) and direction have helped move our renovation project along. His patience in answering our numerous questions is commendable, as is his continual communication about any changes coming up.

I appreciate his attention to detail, especially in keeping the site clean. During our "flood in the basement weeks" where we were holding services, Kelly put in many extra hours making sure things were acceptable for us having our Church services downstairs. And, he was always so good natured about it.

Kelly seems to be a natural problem solver and an excellent collaborator. I've observed this in his dealings with our project manager, the architects and sub contractors. I know he is anxious to get this job completed and move on to his next assignment, but I also know that he is dedicated to getting this job done well.

Augie, it is not often that a person is given the opportunity to sing someone's praises. Kelly's management capabilities have exceeded our expectations. We are happy to have had this opportunity and we would highly recommend Kelly and his management capabilities to any of your future clients or customers.

Sincerely,

Margaret Lima
Pastoral Administrator
